

I am writing to inform you of the huge service that K-Love Radio provides to my community and the nation. It is one of the only radio stations I listen to because of its positive and encouraging content. The effect of the community I live in if K-LOVE is displaced by an LPFM broadcaster would be huge. There are not many other positive alternatives and that would be a huge problem. It is bad enough that kids and adults today have very little that is good as far as media sources go. Now the one place that can help guide our youth and our country in these difficult times faces obsolescence. K-LOVE is definitely in the best interest of my community. Only good can come from positive uplifting messages sent all day every day to every listener (and there are many)! Please do not displace K-LOVE by an LPFM station. Thank you!

Sincerely,
Crystal Coates
